He acknowledged the hard work and dedication of the group and also the impact The Block had on Reidsville. Ms. Wilson said the first time she met the Mayor was on the Block, and he was running for office. PUBLIC HEARINGS:

CONSIDERATION OF THE REZONING OF A PORTION OF PROPERTY LOCATED AT 2923 VANCE STREET EXTENSION AS REQUESTED BY PROPERTY OWNERS JEFFREY AND MELISSA DILLON. (Z 2018-4)

Community Development Director Donna Setliff came forward and gave her report regarding the rezoning request for the undeveloped portion of 2923 Vance Street Ext. (A COPY OF SETLIFF'S MEMO DATED OCTOBER 29, 2018, IS HEREIN INCORPORATED AND MADE A PART OF THESE MINUTES.) Setliff stated that the property owners Jeffrey and Melissa Dillon have submitted an application to rezone this portion from Residential Agricultural-20 to Residential-12. She added the developed portion of the property, which contains their home, will remain ResidentialAgricultural-20.

Setliff detailed the uses and zoning for the surrounding properties and said the Dillons would like the 7.2 acres to be developed. She said the tract could house approximately 25 single-family units or a multi-family complex that could house approximately 70 units, comparable to the Reidsville Ridge Apartments that have recently been constructed near Freeway Drive.

Setliff said the rezoning is consistent with the City's Comprehensive Plan, is reasonable and in the public interest of the community as the Comprehensive Plan encourages high and medium density development. She said the Planning Board unanimously recommended in favor of the rezoning and stated the request is reasonable, in the public interest and consistent with the City's Comprehensive Plan.

Mayor Donecker asked if anyone had any questions. There were no questions from Council. He opened the public hearing at 6:06 p.m. and asked if anyone had any comments.

Jeffrey Dillon of 2923 Vance Street Extension came forward and expressed his gratitude to everyone from the City, especially Donna Setliff and her team for assisting them with the rezoning process. He stated it is their desire to sell the property to a contractor, who would develop the property residentially.

The Mayor asked if there was anyone else who would like to address Council? No one else came forward. He closed the public hearing at 6:07 p.m.

Councilman Festerman made the motion that, based on the information provided in the staff report and verbal evidence presented during the public hearing, this request is reasonable, in the public interest and consistent with the City's Comprehensive Plan and other adopted land use plans and that the rezoning be approved. Councilman Hairston seconded the motion, which was unanimously approved in a 7-0 vote.

(End of Public Hearings)

PRESENTATION ON COURTLAND PARK BOX CULVERT PROJECT.

In making the staff report, Public Works Director Chuck Smith came forward and said on October 25, the City received informal bids for the Courtland Avenue Stormwater Improvement Project with Sam W. Smith having the lowest responsive, responsible bid at \$351,357.50. (A COPY OF THE BID TABULATION IS HEREIN INCORPORATED AND MADE A PART OF THESE MINUTES.) Public Works Director Smith detailed the history of the problem and offered concerns about the safety of that section of Courtland Avenue. He said he knows it is inconvenient for the citizens who live and travel the roadway but that, hopefully, the proposed 90-day project will begin the first part of December and be completed by the end of February 2019.

Mayor Donecker commented he had been approached about the problem of the “dip” by a concerned citizen. Shortly thereafter, Public Works put up the orange curtain and the lady’s husband had come to him and said he told his wife, “That’s what you get for complaining, now we have something worse than we did before,” the Mayor said. Public Works Director Smith explained how the problem has gotten worse over time with the subgrade of the road that has fallen down on top of the pipe that runs under the road. He said for the safety of the citizens, it warrants closing the road until repairs are made.

City Manager Mitchell commented that Smith, being relatively new, had inherited the issue and should be given the lion’s share of credit for seeing that the complicated project be addressed as soon as possible. The Mayor assured everyone that the project will be handled by a very reputable contractor, Sam W. Smith.

Councilmember Scoble said she was pleased the contract had gone to a local company but asked if Smith feels confident since there is about a \$47,000 difference in bids? Public Works Director Smith assured Council if certain parts of the project could have been done using the City's forces, they would have tried, but it was not cost effective. He said he feels confident Sam W. Smith will do a reputable job since the majority of their bid tabulation costs were largely placed on the actual box culvert, which is where the emphasis needs to be.

"STATE OF THE CITY" MESSAGE.

Mayor Jay Donecker presented a PowerPoint presentation on the "State of the City". (A COPY OF THE POWERPOINT SLIDES ARE HEREIN INCORPORATED AND MADE A PART OF THESE MINUTES.) The Mayor said the presentation came about because of the recent announcement that Commonwealth would be relocating their manufacturing. He emphasized the similar concerns when, 20 years ago, American Tobacco announced they would be leaving Reidsville. He stressed at that time, tobacco and textiles were going through a process of change and were going.???? The Mayor stated it wasn't long before someone came in and took over the American Tobacco facility and, within seven years, made a billion dollars.

The Mayor discussed each frame of the PowerPoint during the presentation. He said 20 years later we are still here, and we are doing well. He acknowledged that the Commonwealth closure will affect Reidsville, but we are looking ahead to future companies like Sanritsu joining the Industrial Park. He mentioned that the recruitment of facilities like Love's Travel sends the message that Reidsville is open to distribution centers. Mayor Donecker pointed out numerous positive steps the City Manager and members of Council and City staff had implemented to help increase new industries, employment opportunities, and relocation efforts, such as branding Reidsville as a desirable retirement destination. He concluded the presentation by complimenting the current City Council and said their diversity sets them apart, is an asset and that Reidsville is a "Can Do" City.

BOARD & COMMISSION APPOINTMENTS:

The ballots were then distributed for boards and commissions.

PUBLIC COMMENTS.

He said he and Councilman Hairston, both being retired from the Police Department, understand how hard dealing with a scene like that can be. Councilman Festerman expressed his concern and hope that the City officers and those responding to the call will seek the available EAP counseling the City provides, if need be, because experiences like that can take a toll on someone.
