

Evacuation of Lake Reidsville Park

The potential impact of Hurricane Florence could bring over 10" of rain and strong winds to the area. Due to this hazard, the City is requiring all campers and participants to evacuate the Park by 12:00 pm on Thursday, September 13, 2018. The evacuation includes removing all recreational vehicles, tents and equipment. You may temporarily park your recreational vehicle in the main Jaycee Park parking lot, 125 Jaycee Park Road, but cannot stay in the unit.

Visitor safety is our main concern.

The Lake Reidsville Park will close at 12:00 pm on Thursday, September 13, 2018 and will not reopen until the hurricane passes and the storm damages assessed.

Fees for unused days will be reimbursed or credited for future dates.
