

*City of Reidsville Press Release – Release Date June 15, 2018*

## Reidsville Council Thanks Keystone For Veterans Memorial Restoration

The Reidsville City Council publicly thanked Keystone Foods for its restoration of a local Veterans Memorial during its monthly meeting June 12th at Reidsville City Hall.

Mayor Jay Donecker, on behalf of the City Council, presented a Certificate of Recognition to Louis Hughes, General Manager, and Mike Haywood, Plant Manager, of Keystone Foods located on Equity Drive here in Reidsville.

Over the Easter Monday holiday, some 25 of Keystone's salaried associates spent the day reinvigorating the neglected memorial at Jaycee Park on South Scales Street. The employees planted shrubs, flowers and a tree around the circular pavement surrounding the monument and installed benches and erected a flagpole. The company had artist Dan Starrett design and paint the pavement, which honored each of the different branches of service.

The Council thanked Keystone Foods for its commitment to the local community and its efforts to honor all veterans with the restoration of the Veterans Memorial. General Manager Louis Hughes thanked the Council on behalf of Keystone's 450 employees.
